

Aswanth Ramachandran

Team Lead - Mobile Applications

Karama, Dubai, UAE | [+971 50 2717057](tel:+971502717057) | aswanthrc@gmail.com

Summary

Results-oriented and highly skilled Senior Mobile Application Developer with over 10 years of experience designing, developing, and maintaining innovative mobile applications. Proven expertise in iOS and Android platforms, with a strong background in full-stack development. Adept at leading development teams and collaborating with cross-functional teams to deliver high-quality, scalable solutions.

Professional Experience

Team Lead, Mobile Applications

AirRetailer Technologies | Dubai, UAE *March 2020 – Present*

- **Led a cross-platform mobile team** in the end-to-end development of iOS and Android applications using **Flutter/Dart** and native technologies (Kotlin/Swift).
- **Drove architectural decisions** (e.g., Provider) and implemented best coding practices, significantly improving application stability and maintainability.
- Managed **Agile sprints**, task tracking, and stakeholder communication for seamless product delivery across AirBooking (corporate travel) and Voizzit (social media).
- **Conducted code reviews** and provided technical mentorship to junior and mid-level developers, fostering team growth and ensuring high code quality standards.
- Successfully integrated complex features, including **VoIP** (Agora, WebRTC), **payment gateways** (Stripe), **IATA/NDC standards**, and **location/GPS services**.

Sr. Mobile Application Developer

DistrictR | Dubai, UAE *October 2019 – March 2020*

- Developed native and hybrid applications, delivering complex UI/UX experiences and advanced animations across both iOS and Android platforms.
- Integrated various third-party APIs for core app functionality and managed the end-to-end testing and deployment process

Sr. Mobile Application Developer

Norjimm Pvt. Ltd | Kozhikode, Kerala *October 2016 – September 2019*

- Built and deployed scalable mobile solutions utilizing a hybrid technology stack: Flutter, Java, Swift, and Kotlin for both new and existing applications.
- Engineered and integrated critical user features, including push notifications, social media logins, and secure payment modules.

Android Application Developer

Avanix Technologies | Trivandrum, Kerala, India *January 2015 – September 2016*

- Developed and maintained native Android applications using Java/Kotlin, implementing Material Design principles, integrating RESTful APIs, and optimizing app performance.

Jr. Android Application Developer

Calinno Technologies | Kozhikode, Kerala *January 2014 – December 2014*

- Assisted in developing Android applications, contributing to UI implementation, bug fixes, and feature enhancements while collaborating with senior developers.

Technical Skills

Category	Technologies
Languages & Frameworks	Flutter/Dart, Kotlin, Java, Swift, XML
Mobile Architecture	Provider, Redux, Riverpod , BLOC, GetX, MVC, MVVM, MVP
APIs & Integrations	VoIP (Agora, WebRTC, Socket.io), Payment Gateways (Stripe, IFG), FCM, REST API, Google Maps, Social Login, IATA, NDC
Databases & Tools	SQLite, Realm DB, Git (GitLab/GitHub)

Key Projects

Leveraged a diverse set of technologies to develop and launch complex applications across corporate travel, social media, and service industries.

Project Name	Business Domain	Key Technologies/Features	App Links
AirBooking	Corporate Travel Booking	Dart, Kotlin, Swift, IATA/NDC integration, VAD (Voice Active Detection), Google Map services, Firebase, SQLite	iOS , Android
Voizzit	Social Media & Networking	Flutter, Kotlin, Swift, Socket.IO, Agora/WebRTC for live communication, Social login, SQLite	iOS , Android
DistrictR	Real Estate Service	Flutter, Kotlin, Swift, FCM, REST API, Social login, Google Map, SQLite	iOS , Android
Yourdux	Hourly/Day Room Booking	Flutter, Swift, Kotlin, Java, SQLite, Stripe Payment Gateway	Website

Additional Developed Applications

- **Middi (User & Provider Apps):** Online service request/provider applications.
- **TFB (Food delivery application):** Online food delivery service.
- **Whosup:** Social dating application with integrated payment and location services.

Education

B.C.A (Bachelor of Computer Applications) IIKM Business School, Kozhikode | **2013** Passout

D.C.A (Diploma In Computer Application) G-Tech Perambra | **2010** Passout
